"One of the main differences between living in a city and that of living in a community is relationships. A true community embraces all aspects of the city and encourages relationships and partnerships within. The City of Euharlee has proven to be a True Community. We at the Euharlee Police Department believe that in order to provide the best possible service to our community, we must embrace it as part of our own. This is through partnerships with the businesses, schools, churches, and neighborhoods. The Youth Summer Camp is our way of inviting our youth to see who we are as individuals and not merely as officers. Come meet us! Come join our family!"
